NO. OF PAGES: 1

PLACE ACQUIRED: 25X1A

NO. OF ENCLS.
(LISTED BELOW)

DATE OF INFO: 25X1X

SUPPLEMENT TO
REPORT NO.RETURN TO CIA
LIBRARY

1. Metalimport is now solely responsible for the importation into Bulgaria of all raw minerals and machinery. Heretofore, other state enterprises could import machinery on their own.

2. Metalimport currently buys almost exclusively from the USSR, although some small purchases are still made in Czechoslovakia and Poland. Precision machinery is no longer being sought in Switzerland and Italy as was done in 1948 and 1949.

Document No. 7

No Change in Class.
